

| | | Solu |
|---|--|------|
| Input values | MPP voltage range ¹⁾ | 2 |
| | Minimum DC voltage | |
| | Maximum DC voltage | |
| | Maximum DC current | |
| | Number of MPP trackers | |
| | Number of string connections | |
| | Connection type | |
| Output values | Rated output power ²⁾ | |
| | Maximum apparent output power ²⁾ | |
| | Maximum AC current | |
| | Nominal mains voltage / range | |
| | Mains nominal frequency / range | |
| | Power factor cos(φ) | |
| | Distortion factor at rated output power | |
| | Connection type | |
| | Grid connection | |
| | Power input at night | |
| Efficiency | Max. efficiency | |
| | European efficiency | |
| Ambient conditions | Protection type | |
| | Ambient temperature range (for rated power output) | |
| | Relative humidity | |
| | Max. operating level above sea level | |
| | Fire protection class | |
| | Noise emissions | |
| Configuration | Display | |
| | Inverter topology | |
| | DC disconnect | |
| | Data logger | |
| | Fault current monitoring | |
| | Housing / service cover | |
| | Surge protection DC and AC | |
| Standards & guideline compliance | EMC | |
| | Grid connection | |
